Case, William J. Sweeney, George Elliott, H. Dion, Mrs. Kathering J. Spaulding. The meeting proceeded to organize by electing Dr. Guild as chairman and E. A. Case as secretary, provided he will assume the duties of secretary in addition to his duties as superintendent without any additional salary. A vote of thanks was passed to Mrs. Spaulding for her capable and efficient service as secre-tary for the past eight years. G. B. Paulhus was recommended to the se-lectmen for appointment as truant officer. The question of the salaries of substitutes was brought up and left with the teachers' committee to take such action as they deem necessary. The question also came up as to the amount to be paid all of the teachers at the close of the month. This discussion arose because the

committee of three should be appointed by the chairman to act with Supt. Case to decide as to the making up of time lost by the closing of schools during the epidemic. It was voted that all bills be paid on approval of the annual matter. The annual matter and the residents of both towns are sorry to lose so worthy a citizen. EXTERNAL APPLICATIONS

In order to stimulate the lining of the air passages to throw off the grip germs, to aid in loosening the phlegm germs, to aid in loosening the phlegm and keeping the air passages open, thus making the breathing easier. Vick's VapoRub will be found effective. Hot wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is red, spread on thickly and covered with two thicknesses of hot flannel cloths. Leave the clothing loose around the neck as the heat of the body liberates the ingredients in the form of vapors. These vapors, inhaled with each breath, carry the medication directly to the parts affected. At the same time, VapoRub is absorbed through and stimulates. is absorbed through and stimulates the skin, attracting the blood to the surface and thus aids in relieving the

IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of sersons. It attacks all classes, regardless of age, sex or conditions. A majority of the ills afflicting people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filterers, the purifiers, of your blood. It the polsons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of the form or another will claim you as a victim.

Kidney disease is usually indicated by weariness, elevieses, nervousness despondency, hackache, stomach trouble, difficulty when urinating, pale in loins and lower abdomen, sail stones, gravel, rheumatism, sciatica and lambage.

All these derangements are natures.
